### Tuition Adjustment

Our tuition adjustment program supports our goal of making UVWS more accessible to families of varying economic backgrounds who are drawn to Waldorf education. If you are applying for an adjustment to your tuition, please fill out the School and Student Service application.

### Multiple Child Discount

Families with more than one child in the grades may take a 5% tuition discount on their second child's grade tuition and a 10% discount on any other child's grade tuition. This discount may not be combined with tuition adjustment.

### Payment Plans

A signed contract and non-refundable enrollment deposit of \$600/student (\$400/sibling) reserves your child's space for the school year and will be applied towards total tuition due. The balance of tuition may be paid in one of the following ways:

#### Early Payment Plan

If cash or check payment for the total tuition due is received in the UVWS office by June 30, a reduction of 2.0% will be given on the balance remaining after the deposit and any discounts.

#### Monthly Payment Plan

Pay in eleven equal installments July-May. *This payment plan is administered by FACTS and carries an annual service charge of \$45 per family.*

#### Pay Ahead

You may make payments to reduce your tuition balance at any point and the remaining monthly payments through FACTS will be adjusted accordingly.

### Additional Fees

See reverse side for class fee schedule. Additional fees may arise at parent expense if tutoring, external consultations, or special services which the school does not provide are recommended.

*The Upper Valley Waldorf School seeks to develop a culturally and economically diverse student body and we welcome students of any race, religion, gender, or ethnic/national origin.*
